

Approach

The corporate and not for profit communities continue to be exposed to growing risks whether in the form of claims arising from Employers/Public Liability or regulatory and compliance considerations. Health & Safety offer specialist advice and consultancy services to help clients mitigate as many risks as possible. Being prepared is all important and the value of investing the necessary time and resources before incidents occur can lead to considerable savings in the future.

Service

Argent Health & Safety deliver a range of solutions tailored to the client needs ensuring compliance with legal and corporate responsibilities. Our qualified staff deliver a quality assured service that is both cost effective and a benchmark for leading representative bodies. Services include:

- Audits (underwriter and health & safety surveys)
- Business continuity package
- Competent person service
- Crisis management (24/7 support)
- Legionella surveys & assessment
- Policies and procedures review & scripting
- Safety management systems
- Training and workshops

We can also arrange specialist additional services such as asbestos surveys, driver training and electrical testing on behalf of clients.

As part of the Parabis Group, Argent Health & Safety is able to draw on the expertise of sister firms such as Plexus Law and Argent Liability Adjusting to provide additional services including:

- Access to claims litigation support & advice
- Claims improvement and defence assessment
- Claims file reviews
- Employment law
- Post-accident investigation

Benefits

By adopting the services provided by Argent Health & Safety clients benefit from:

- Delivering cost effective and practical solutions
- Reduced claims
- Compliance with relevant legislation
- Enhancing reputation through market leading services
- Improving customer experience and perception
- Ability to demonstrate a proven commitment to quality and standards
